Luke 2:32

A light to lighten the Gentiles, and the glory of thy people Israel.

His Light!

Thank you to all who support us in your prayers and financially. His Light is going into the world. He sends but He also makes a way. Thank you for letting God use you.

In North Carolina we have started a church this winter. We are having 20 to 30 each Sunday. God has blessed seeing people saved. We have a pastor now, his name is Granville Branch. His wife, Summer and their three children, Charlie, Jesse and Cody are a tremendous blessing. We have commissioned 9 missionaries out of the church so far.

West Virginia Update

In West Virginia we have had a hard cold winter. Water was frozen so bad I had to take a knife and chip out the ice from the commodes. Also we are looking forward to the Bible Schools and Tent Meetings for the summer. Some pastors have scheduled meetings. If you can work on the buildings or help in the tent meetings please let me know as soon as possible.

International Update

On March 4th I flew with missionary evangelist Craig Church to Haiti. This was his first time to be in Haiti. Pastor Iliobert Destine invited me to come to preach to 100 pastors and leaders in the mountains to a place called Gros-Morne. It was a 5 hour drive with 2 hours on dirt, gravel, rock, big craters, and dust. Pastor Destine wanted us to preach on Salvation. He said many of these leaders did not know how to be saved. They thought Good Works would save them. By the end of the conference many decisions made and there was good liberty. We took thousands of tracts from Gleaning For Christ Printing Ministry and also Book of John booklets in French as all the pastors speak French and Creole. In the evenings we went out to witness and then spoke at local churches at 6:00. It was a long day but God's Light shined brightly. Haiti has 10 cities and our desire is to have Bible schools during the day and crusades at night on our next trip to Haiti.

National and International Areas Of Ministry
